Lab Equipment

Lab Consumables

PCR Enzymes

COMPANY DATA

- Founded: 2008
- Women and Minority Owned.
- Offering 30,000+ Products & Customization
- Serving 3000+ Global Research Facilities
- 15,000+ Repeated Customers
- Best- and First-in-Class Products
- In-House Quality Control Operation
- Accept Credit Cards and Purchase Orders
- Website: diagnocine.com

PERFORMANCES

- 2,000+ Global Purchase Orders Yearly
- 25-30% Increase Sales Year-by-Year
- \$300K antibody supplies to MedPace CRO (\$180K single order 2022).
- \$500K+ PCR Reagents and Supplies to Flagship Pioneering Inc. (\$316K single order 2022)
- \$80K+ Lab Consumables and PCR Reagents to NIH Supply Center (\$30K single order 2022)
- \$60K+ Lab Consumables with the State of Illinois Annually
- 3,000+ Global Industrial and academic institutes and laboratories (95% US & Canada)
- 5,000+ Repeated Customer Base Operations
- 1.5M+ Active Email Campaign List

CORE COMPETENCIES

- Sales, Marketing, Distribution and Consulting on 30,000+ products, covering all categories in the biomedical, pharmaceutical and biotechnology sectors.
- Offer unique and top-quality life science and biomedical research products to scientists and guarantee quality and price assurance by inspection (Diagnocine Precision R&D Quality Testing Center) and rigorous verification of suppliers' manufacturing processes.
- Contacts 50+ global biotechnology suppliers and forms 5+ partnerships annually to identify First-in-Class or Best-in-Class products to match advances in science and technology.
- Our scientific team provides detailed product descriptions on products and provides 1-to-1 technical assistance to customers. Our remote workforce communicates with customers 24/7 year-round to provide unmatched customer satisfaction.
- Presents the cleanest and purest buffers (50+), media (30+) and lab reagents (70+) with a Type-1 grade ultrapure water source, followed by multiple sequential and serial filtration steps with 2-3 times repeated final 0.1-micron membrane filtration.
- DiagnoCine Precision accepts all minor variations and customer customization requests on lab products to provide Above-and-Beyond customer satisfaction. For large and high-throughput projects, we meet customers' demands by contacting 150+ manufacturers, suppliers and partners.

DIFFERENTIATORS

- * Your Preferred One-Stop Shopping
- * High-Quality Common Lab Consumables
- * Unique Products: Distinct and innovative items not manufactured in the US
- * Absolute Customer Satisfaction: Full A-Z white-glove services
- * 1-to-1 Customer Support and Follow Up 24/7
- * 1-to-1 Scientific and Technical Assistance and Service
- * Customization: Modified components for large orders on reagents

- * Flawless Ordering Process: On-line or Off-line communication
- * Guaranteed Quality: Provide verified and high-performing products
- * Cost-Effective Price: Lower \$ price than Any Major Brands
- * Bulk-order Discounts: Significant savings to end users
- * Contract Research: Partnering and assisting your pinnacle empirical research
- * DiagnoCine Precision: Production of purest and customized lab reagents and media
